Research & Professional Experience

Research Consultant/Analyst

Florida

UNIVERSITY OF MIAMI

August 2019 - PRESENT

- Collaborate on several NIH-funded projects with an interdisciplinary research team from the University of Miami. The main two projects focus on: 1) PrEP and substance use disorders use among Latino men who have sex with men; 2) HIV risk in Latina Seasonal Workers. Tasks include cleaning, data wrangling, running statistical analyses using social network analysis tools based in the R environment, and producing reports of findings. Analyses include regressions, network measures, MRQAPs, and Multilevel Models. PI: Mariano Kanamori, Ph.D.

Principal Investigator

Tampa, FL

UNIVERSITY OF SOUTH FLORIDA

February 2017 - March 2020

- **Dissertation** - This work looks at the formation and meaningfulness of online and offline social ties from the perspective of avid MMO gamers through a mixed-methods approach. Data were collected from the Steam API, an online questionnaire, and follow-up semi-structured interviews. Linear, Logistic, and Ordinal regression analyses were used to analyze the quantitative data. In addition, bias net models were used for the Steam dataset. Thematic analysis from a qualitative social network analysis perspective was used for the interviews.

Graduate Research Assistant

Tampa, FL

UNIVERSITY OF SOUTH FLORIDA

August 2018 - August 2019

- USF-funded project on "The Puerto Rican Vote Nationwide and in Florida." Questionnaire design, dissemination, and analysis. This project studied the possible impact of Puerto Rican voters in the 2018 mid-terms in the USA after hurricanes Irma and María. Analyses include descriptive and inferential statistics, from correlations to regressions. PI: Elizabeth Aranda, Ph.D.

Graduate Research Assistant

Tampa, FL

UNIVERSITY OF SOUTH FLORIDA

March 2016 - May 2019

- NSF-funded project on "Structural Anonymization Techniques for Large, and Dynamic Social Graphs." Testing Exponential Random Graph Models (ERGMs) as viable options for the anonymization of large graphs. This was a collaborative interdisciplinary project between the Computer Science and Sociology Departments at USF. PIs: John Skvoretz, Ph.D., and Adriana Iamnitchi, Ph.D.

Graduate Research Assistant

Río Piedras, PR

UNIVERSITY OF PUERTO RICO - CENTER FOR THE STUDY OF SOCIAL AND HEALTH DIFFERENCES

March 2011 - June 2012

- Collaborated with an interdisciplinary team to investigate HIV stigma in health care scenarios and the history of mental health in Puerto Rico. Tasks included writing literature reviews, English-Spanish and Spanish-English translation of documents, assisting in the design and implementation of digital questionnaires, offering workshops for the usage of tablets as research tools, and creating and managing SPSS databases. PI: Nelson Varas, Ph.D.

Student Researcher

Río Piedras, PR

UNIVERSITY OF PUERTO RICO

August 2009 - December 2009

- Investigated the perception of fashion styles among students. Tasks included creating and administering questionnaires, face-to-face interviews, quantitative data analysis (using SPSS), transcribing interviews, coding, and qualitative analysis as part of a Sociocultural Anthropology course. Professor: Eva Villalón, Ph.D.

Student Researcher

UNIVERSITY OF PUERTO RICO

Río Piedras, PR

January 2009 - May 2009

- Investigated the transition from college to the working world. Tasks included face-to-face interviews, transcribing interviews, coding, creating a glossary and qualitative analysis of the data as part of the Sociological Research Techniques course. Professor: Karen Hoffman, Ph.D.

Research Assistant

UNIVERSITY OF ILLINOIS

Chicago, IL

May 2008 - July 2008

- Conducted research on myths about Latino Immigrants in the USA. Tasks included reviewing articles and books, analyzing secondary data, and discussing findings in a roundtable presentation. Summer Research Opportunities Program (SROP). Mentor: Nilda Flores-González, Ph.D.

Teaching Experience

Instructor - Social Science Statistics

UNIVERSITY OF SOUTH FLORIDA

Tampa, FL

Fall 2016

- Developed and implemented syllabus, course structure, lectures, and student assessments.

Instructor - Introduction to Sociology

UNIVERSITY OF SOUTH FLORIDA

Tampa, FL

Spring 2015

- Developed and implemented syllabus, course structure, lectures, and student assessments.

Guest Lecturer - Sociology of Pop Culture

UNIVERSITY OF SOUTH FLORIDA

Tampa, FL

October 7, 2013

- Lectured and led classroom discussion. Audience Theory (Stuart Hall's Encoding/Decoding).

Honors & Awards

2013-18 **McKnight Doctoral Fellowship**, Florida Education Fund

Tampa, FL

2014 **Conference Presentation Grant**, University of South Florida - Student Government

Tampa, FL

2013 **Academic Merit and Outstanding Performance Scholarship Program**, University of Puerto Rico

Río Piedras, PR
